

YEAR 11 MEDIA STUDIES:

SPRING TERM TOPICS

Year 11 students will be completing a 'Music Videos and Music Industry' unit. They will explore a range of music videos by analysing the media language and representation. Students will also explore a range of social media and examine how an artist's social media helps to create their 'star-persona'.

HOMEWORK

Exploring the official websites and social media of the artists featured in our set products is a useful homework task, as is watching the revision videos.
